

DEERS Enrollment for Newborns

and

ID Card Replacements for Spouses & Children Over 13

If your spouse gives birth during the deployment, she will need a General Power of Attorney (GPOA) to enroll the child in DEERS and a copy of either the state-issued birth certificate, or the hospital issued temporary birth certificate.

Likewise, the spouse will need a GPOA to renew or replace their ID card or youth ID cards for the children over 13.
